Every care has been taken to ensure the accuracy of this Report, however some assessment is by visual and/or noise appreciation only and does not take into account defects or conditions that may only be discoverable by dismantling components. Auto Coast Pty Ltd accepts no liability for defects or conditions related to anything which may not be reasonably obvious during inspection and anything that occurs after the date of this report. Any road test will be conducted within the traffic laws of the test area, for a period not exceeding 15 minutes, and no responsibility will be accepted in respect of any defect or condition which did not or could not be reasonably expected to become apparent during the test. Assessment of any drive belt is based on visual inspection and evidence provided in the vehicle log book that replacements have been made at manufacturer's specified intervals.
